

MOSES

~~IF IT AIN'T BROKE DON'T FIX IT~~

EXODUS 17; NUMBERS 20; MATTHEW 19:24

1. What is a problem you see in your city, in your church and or in your family, that you personally could be the solution for? How could you step up and be the solution?
2. What is an area you struggle to trust God in? Why is that area harder than others?
3. What is a tradition or pattern you have in your life where God may be wanting to do something different?
4. Why do you think it's hard for some people to listen to God? Why is it hard for you to hear the voice of God sometimes in your own life? What do you think we can do to hear from God more...and hear from him more clearly?
5. What are some of the "darkest" parts of the city (areas you know we need to shine God's light into)? How do you think we as a church, your small group and you as an individual can be the light in those places?
