

DO IT AFRAID *Together*

DISCUSSION GUIDE QUESTIONS WEEK FIVE

1. God calls us to wise stewardship of what we have while asking Him for more. Part of that process involves evaluating where we've been wasteful or duplicating energy unnecessarily. In what areas of your life are you wasting time and energy?
2. Moving to Jerusalem was a big risk that only a few were willing to take. When was the last time you took a risk for God?
3. What stops you from taking a risk for the cause of Christ in your family and place of employment?
4. Nehemiah was wise about the company he kept! Share a time when someone's company made a positive impact on your life.
5. Does the company you keep fuel your fear or fire up your faith?
6. Read 1 Timothy 3. These verses talk about qualifications for elders and deacons in a church. Read these through. Which of these qualities are you asking God to birth in you right now?
7. What difference does it make to a public office that someone fears God? What difference should it make?
8. Share an example of when God blessed you for your willingness to obey.
9. How should the reality that you are a child of God influence the way you deal with change?
