## ONE LIFE TO LIVE

### CHRIS BROWN

---

#### KEY SCRIPTURE:

Exodus 3:3-10

**ICEBREAKER:** Chris talked about his phobia of needles. What is an embarrassing phobia that you have?

1. Has anyone had a midlife crises? Could you share about the symptoms of your midlife crisis?
2. Has anyone ever felt frustrated that they did not receive “burning bush” type clarity regarding their calling? Or maybe you’re frustrated now?
3. Would anyone admit that their faith has been mis-directed toward God’s *vision* more than God *himself*, either now or in the past?
4. What are some signs that we are possibly more concerned with God’s vision for our lives than God himself?
5. What is one example of being more concerned with God’s concealed will rather than being obedient to his already revealed will?
6. What is one change that you can make in your schedule, finances, or relationships that would point your heart more toward God himself rather than just a desired destination?
